

E-Learning & Enhanced E-Learning Packages – UK (v9)

OVERVIEW

Our e-learning packages are fully accredited to support eLearning/self-study/distance learning for a range of AXELOS & APMG Foundation and Practitioner level qualifications/exams. They aim to provide you with a straightforward route to become Foundation level accredited or a fully certified Practitioner in your own time and at your own speed.

WHO SHOULD CONSIDER

- Those who are unable to access classroom training for location, budget and/or time constraints.
- Those seeking accredited training
- Those seeking easy to use systems
- Those seeking flexibility with exam sitting

BENEFITS

- 12 month access provided (extensions available for additional cost)
- Progress reporting and sample exams available
- Still gain access to our experienced accredited trainers for Enhanced option
- No pre-requisites required for Foundation or Foundation with Practitioner levels
- Video presentations for each lesson and interactive exercises to consolidate learning
- Book the exam/s using the voucher/s in your own time and location when you are ready

PRODUCTS AVAILABLE – AXELOS ACCREDITED THROUGH PEOPLECERT:

PRINCE2® – is a structured method for effective project management. Developed by the UK Government it is internationally accepted as the leading “best practice” project management approach and is widely used in the private and public sectors internationally.

PRINCE2 Agile® - covers a wide range of agile concepts, including SCRUM, Kanban and Lean Startup. It blends the flexibility and responsiveness of agile with the defined governance of PRINCE2®.

MSP® – Managing Successful Programmes is the de facto standard developed by the UK government for delivering change programmes in the UK and has been adopted around the world.

MoP® –Management of Portfolios approaches the management of change projects and programmes from a strategic viewpoint. It provides an overview of all change activities and what the impact is on business as usual and the organization’s strategic objectives.

P30® – Portfolio, Programme and Project Offices is the standard developed by the UK government to enable individuals and organizations to establish, develop and maintain appropriate business support structures.

M_o_R® – Informed risk-taking helps to improve performance through innovative approaches for managing the business, service delivery and value for money. Management of Risk is the best practice developed by the UK government.

PRODUCTS AVAILABLE – APMG ACCREDITED:

APMG International Managing Benefits™ – The purpose of this APMG guidance is to provide managers and practitioners from multiple disciplines, working in a variety of organizations, with generally applicable guidance encompassing benefits management principles, practices and techniques.

APMG International Change Management™ - has been developed by APMG in partnership with the Change Management Institute (CMI). Together they have developed a professional 'body of knowledge' for the discipline of change management.

AgilePM® - Learn how to adopt a practical and repeatable methodology that achieves an ideal balance between the standards, rigour and visibility required for good project management, and the fast-pace, change and empowerment provided by Agile.

Better Business Cases™ - is based on The Five Case Model, the UK government's best practice approach to planning spending proposals and enabling effective business decisions.
